Corpus Christi Village Newsletter

The Display Villas in Jazz Court under construction.

Jazz Court Nearly Completed

Construction of the villa units in Jazz Court is progressing in leaps and bounds! Weather permitting, the villa units, landscaping, roadways and footpaths will be completed to allow the first residents to move into their wonderful new homes in September 2008.

Early Sales Signal Success

An overwhelmingly positive response to Corpus Christi Village from interested buyers signals the ongoing success of this unique lifestyle opportunity. After only a short time on the market, the Sales Office has secured reservations for 11 villas.

Visit Display Villas Invitation

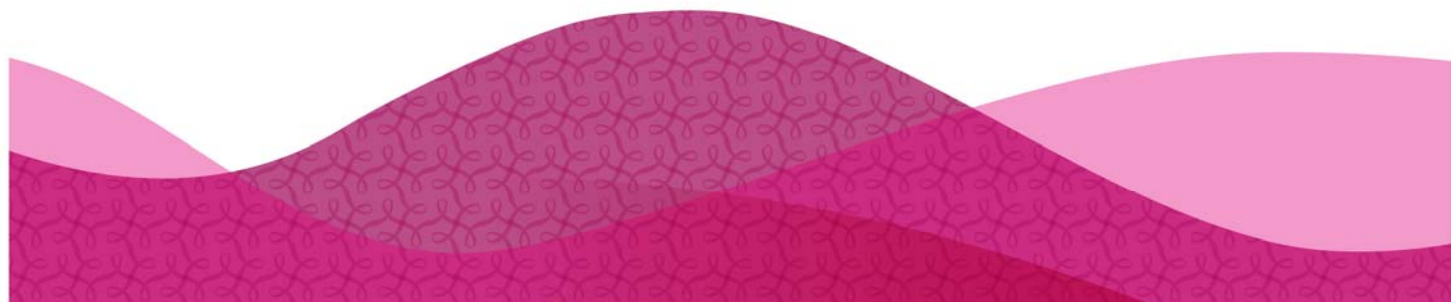

We are at the very exciting stage of fitting out two villa units in Jazz Court for display!

We invite you to come and visit our display units from late May 2008. You will be able to walk-through our Melba (2 bedroom) and Sutherland (3 bedroom) villa units and experience the stylish and comfortable living environment, the colour palettes and the quality of the workmanship, fittings and fixtures.

Our temporary sales office will move to a display unit and entry will be via Carlson Avenue (which runs at right-angles to Bayview Avenue).

Our sales office is open from Wednesday to Sunday from 12-4 pm or by appointment.

Due to the high level of interest, it is advisable to phone 9811 9980 to make an appointment. You are welcome to bring family and friends.

The Community Centre at Corpus Christi Village is taking shape and will be ready later this year.

Community Centre

The construction of the Corpus Christi Village Community Centre is well underway. The steel frame and roof have been completed and work is about to commence on the brickwork and installation of windows. This will be followed by the internal fit-out, landscaping and road and pathways.

The Community Centre Chapel will be a special feature and we have been fortunate to receive donations of an altar and tabernacle.

Healthy Lifestyle Activities

Future residents who have reserved villa units are already planning lifestyle activities, including a Snooker & Billiards Group and a Walking Team. We welcome their commitment to contribute to a vibrant community spirit.

Catholic Homes has successfully negotiated discounted 'student' rates for Corpus Christi Village Residents who wish to take advantage of gym membership, fitness, indoor/outdoor sport and swimming services at Monash Sport, located on the nearby Clayton Campus of Monash University.

Positive Feedback

Every aspect of our Corpus Christi Village offering has been very well received, confirming that in addition to a comfortable living environment, people are also wanting to be part of a vibrant community and to have access to a continuum of care if they need it.

Depositors have given the 'thumbs up' to the design and 6 star energy rating of the villa units, the durable steel-framed construction and the 2,000 litre rainwater tanks which provide for environmentally-responsible garden watering and toilet flushing. The village's proximity to retail, recreation, transport, health and other community amenities has also been a strong selling point.

Village Manager

We are currently recruiting a friendly and experienced Village who will play a vital role in assisting residents to settle in and enjoy living at Corpus Christi Village.
