# Corpus Christi Village Newsletter

The light and spacious kitchen and dining area in the 2 bedroom Melba Display Villa is now available for viewing.

## *2 Bedroom Villa Open for Display*

We are very pleased with the positive reception of our first display villa, the beautiful and spacious 3 bedroom *Sutherland*, at Corpus Christi Village. Visitors have appreciated the elegant bedrooms, well-planned living spaces, storage areas and fine finishes throughout the units.

Now our new *Melba* two bedroom display villa is dressed and ready for your inspection. Located right next door to our well-received *Sutherland* display villa, we are sure that visitors will appreciate this new light and spacious 2 bedroom display villa.

Please feel free to make a time to come along with family and friends to visit our newest display at Corpus Christi Village.

**Please call Anne Kemp to arrange a personal site tour on T. 03 9811 9980**

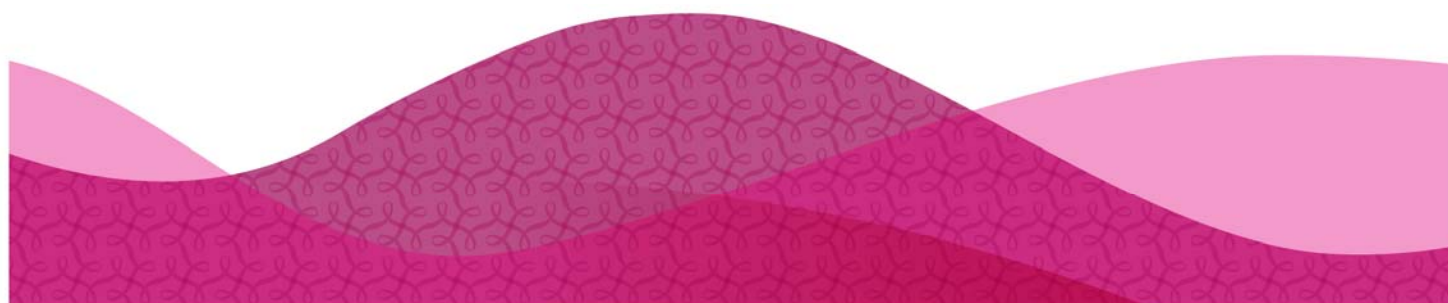

## Mass at Corpus Christi Village

Many incoming residents and visitors are keen to see the progress of the Community Centre and to find out the anticipated frequency of Mass at Corpus Christi Chapel.

We anticipate that Mass will be celebrated at the Corpus Christi Chapel for residents of the Village and Aged Care Facility on a daily basis, subject to the availability of priests.

We are hopeful that it will be possible to open the Community Centre and Chapel before Christmas 2008. The main consideration will be completion of the access roads to ensure safety. We know how eagerly many people are looking forward to this great event.

**Below:** The Corpus Christi Community Centre and Chapel taking shape against the skyline.

Opera Court at Corpus Christi Village is proving a popular place to live; seven of the ten Villas in Opera Court have already sold.

## *Community Spirit*

It is exciting to see the stirrings of a new community at Corpus Christi Village. Early residents are keen to move into their prized new homes. Some have plans to arrange activities, such as a walking group and snooker club with their fellow residents. Others would like to donate their favourite games and music to the communal library in the Community Centre.

## *Community Centre Fit-Out*

We are close to the exciting stage of creating the 'look and feel' of the interior of the Community Centre, so that it provides a warm, welcoming and relaxing ambience for residents. We have sought professional advice from Guests Furniture who fitted out the Display Villas so effectively.

## *"It's Cool to Live at Jazz Court!"*

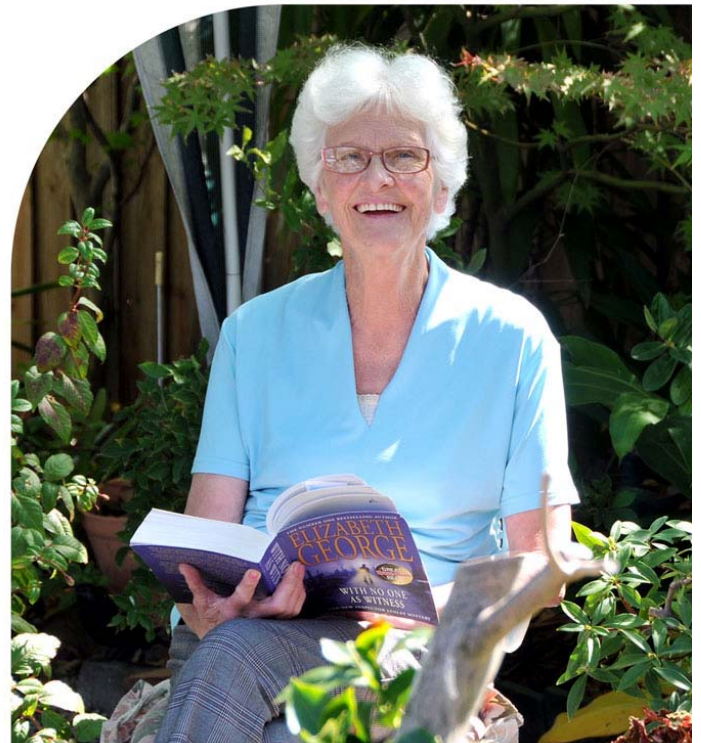

What a great reaction from one of our early residents! The music theme for the village streets has been very well received. We hope all our residents find Corpus Christi Village a cool place to live!

## *Positive Response & On Track*

At the end of our fifth month of marketing we have sold 15 of the 27 Villas available in stage 1, and there is strong continuing interest. Only 3 Sutherland Villas are still available in Stage 1. Residents for stage 1 will progressively move in from mid September 2008 until early 2009. We are pleased to say the project is progressing well and according to plan.

## *Appointment of the Village Manager*

We are currently interviewing for this very important position at Corpus Christi Village and we hope to be able to make an announcement soon. The Village Manager will ensure residents have the information, guidance and access to services they require, as well as fostering a vibrant community life so that everyone enjoys their new homes and community lifestyle at Corpus Christi Village.
